

SQL SHIPPING L.L.C

Quality – Made Logistics

About us

SQL SHIPPING LLC. was founded in Egypt in 2007 as a business specializing in Customs Brokerage and related import services. Over the years we have continually strived for excellence and achieved steady growth. Our success is due to constant emphasis on staff professionalism, coupled with innovative procedures and technology.

We commit ourselves to helping clients strengthen the quality, cost-effectiveness and regulatory compliance of their export and import programs. We are able and eager to share our cumulative experience, identify areas for improvements and help solve problems. We are always pleased to visit current and prospective clients to discuss needs and services.

Mission & Vision

SQL SHIPPING LLC is committed to providing integrated logistics services, through innovative solutions in the movement of goods trusted upon us by our customers with quality, agility, efficiency and profitability.

SQL SHIPPING LLC seeks to become a leader in integrated logistics management, through proprietary service delivery networks guided by ethical standards and professionalism of our human talent, with respect for the environment and exercising social responsibilities.

Our Value

Teamwork

We accomplish goals and objectives through the power of working together.

Respect

Respect, we believe that the positive spirit of an organization is a reflection of the respect that its employees have for each other and for the company.

Ownership

We believe that the credibility and reputation of a company is a result of the actions of its employees. We believe that employees should take pride and responsibility for their work, and also cherish the ability to work as a part of our strong team

Boundary-less

We believe that there are no boundaries when it comes to thinking at SQL. Employees are encouraged to be innovative and to think "outside of the box." Our employees are active partners in our efforts to develop the creative strategic thinking necessary to overcome obstacles and apply solutions.

Air Freight

Speed & Savings

Our appointments as an official airline agent by the Air Transportation Association (ATA) enables us to issue airway bills on behalf of the airlines and pass on the expedited service and savings to you.

Total logistics solution

An illustration at the top of the slide features a stylized globe in the background. In the foreground, there are three modes of transport: a cargo ship with several blue and white containers on the left, a semi-truck with a blue container in the middle, and a freight train with blue and white containers on the right. An airplane is also visible in the upper right corner of the globe area.

Shipments Made Simple

From purchase order to delivery, our experienced staff handles all of the details for you, such as negotiating rates with ocean carriers, booking shipments, and preparing your export documentation. We track your cargo to the destination, checking for its safe and timely arrival.

A Team You Can Trust

The SQL team can provide planning and consultation services, including cost analysis, terms of sale, and letter of credit advance, to simplify your financial transactions. The selection of steamship lines, consolidation options, containers / ULD specifications, and packaging requirements are additional areas in which our ocean/air team can provide valuable assistance.

Project Management

Managing complex transportation for large projects requires experience, intelligence, knowledge and committed personnel, who are committed to research of various options, surveying potential problems, and reacting to extraordinary circumstances with quick and decisive action.
