## Processes

Quality assurance  
Continuous improvement  
Quality certification  
Process optimisation  
Resource saturation  
Traceability  
Operational flexibility

## **China Offices**

Shanghai	Beijing
Xiamen	Hong Kong
Fuzhou	Macau
Dalian	Ningbo

## **Warehousing in Asia**

- General freight
- Certified imports
- Customs handling
- Dangerous goods handling

## **Transport and distribution in Asia**

- Local Distribution
- Road transport trailers
- Door-to-door deliveries

## ¿Aza by Milestone?

Thanks to their structure in Spain, AZA group and Milestone collaborate to commercialize a product in which they offer the client the complete chain of supply.

### **How does Milestone participate?**

Providing international operations, either through import or export transport, and applying their know-how and international network.

### **What advantages does AZA by Milestone provide to our clients?**

Reduction of the lead time of delivery to the final point, whether it is the point of sale or provisioning of a semi-finished good. Optimization of the costs of the supply chain through its integration and the mechanization for the 'explosion' of the product or order.

## Structure

**For that we count with two installations:**

### **Distribution warehouse.**

#### **— *Sorter* that automatically provides:**

- Classification and/or preparation of bulks/orders depending on selected criteria.
- High levels of productivity, thanks to automation.
- Low error levels due to preparation/classification.

#### **— Distribution**

- Delivery service in full load.
- Capillary distribution services, by means of network to every part of Spain.

### **Logistic warehouse in Ford Spain's supplier park**

- Warehouse in regime of custom warehouse: DA, DDA, ADT.
- High levels of productivity, Logistic automotive services.

## Logistic installations

## Valencia

### Logistic warehouse.

**Surface:** 12.000m<sup>2</sup> indoor in a 17.000m<sup>2</sup> parcel

**Shelves:** 16.000 pallet holes

**Height:** 1,80-1,40m

**Docks:** 7

**Fire prevention system** provided with sprinklers and autonomous deposits Safety

**Video surveillance system**, cameras connected with central alarm Deposits: ADT, DA, DDA

**S.G.A.:** Redpraire (JDA), in process of implementing online management. (May)

**Certification ISO 9001.**

**Staff:** 30 operators

## Logistic installations

## Valencia

### **Distribution warehouse.**

**Surface:** 20.000m<sup>2</sup>

**Cross docking warehouse**

**Fire preventing system** provided with sprinklers and autonomous deposits.

**Security:** video-surveillance system
