

CITY HUNT

Monday 19 March 2018

14:00-16:30

ANNUAL ASSEMBLY

18-20 MARCH 2018

PRAGUE

We want to provide you with more than the usual bus tour and have prepared a fun, interactive way for you to see the beautiful city of Prague.

Therefore, we will take part in **City Hunt** on Monday afternoon, a fun team building game where we will use creativity, orientation skills and time management to solve a series of clues that combine history and legends as we walk through the beautiful streets of the Old Town in small groups. This medieval settlement area is where most of the gems of Prague can be found.

At 14:00 on Monday, our guides will explain the game, create teams of 4/5 people and provide us with special maps and documents. The small groups will then walk through the historic streets, among the most

famous monuments as we compete with other teams to solve the clues. Answering all the questions will allow us to figure out the secret code.

The game will finish with an Award Ceremony back in our meeting room at 16:00. The afternoon will be a great combination of getting to know each other better and seeing the beautiful city of Prague in a fun way.
